Maxiflow 33 Shower Channel Black No Rim

Shower chanel

[Read More](#)

SKU: MF033B

Categories: [Shower Channels](#)

Product Description

The Maxiflow Prime shower channel has a 50mm side outlet that can rotate 360 degrees for easier installation. Level adjustment can be done from the top which saves time and makes for a more professional installation. It has a impressive flow rate of 32Lt /min and a dry trap that prevents smells from the sewer coming through even if the shower is not used regularly. The stainless steel grid gives the channel a luxurious finish. The grate can be turned around for a custom tile in finish as well. The 55mm height of the trap makes installations easy and is also ideal for retrofit installations. This is a great value for money product.
